

IA-1005

4-ch, 5Amp
Relay module

Features

- 4-ch SPDT Power Relay
- 12V and 24V Versions, available
- Status Monitoring Leds
- Contacts Protection
- DIN-Rail mounting ready

Introduction

Intelligent-Appliance IA-1005 Discrete Relay Module was designed for a simple conversion of digital output into a dual pole 'Dry-Contact' output with a contact rating of 5Amp.

The IA-1005 Discrete Relay Module includes 4 SPDT Relays, Led status indicators and voltage suppressors across their contacts to eliminate EMI/RFI noise while being switched.

Specifications

Relays

Channels	4
Type	SPDT
Current Rating	5Amp @ 30VDC 5Amp @ 120VAC

General

Power Consumption	1.5w
Size	114x56x50mm
Weight	104gr

Ordering information

- IA-1005-12
4-ch Discrete Relay Module,
12VDC Operation Voltage
- IA-1005-24
4-ch Discrete Relay Module,
24VDC Operation Voltage
